

## SHAIK HABEEB

H.No. 9-71, Badangpet, Hyderabad | shaikhabeeb0896@gmail.com | +91 9652753684

---

### EDUCATION

**Sphoorthy Engineering College** | *Bachelor of Engineering*

Hyderabad | **2019**

- Graduated with the Degree in Electronics and Communication Engineering with an aggregate of 61%

**T.R.R College of Technology** | *Diploma*

Hyderabad | **2016**

- Diploma in Electronics and Communication Engineering with an aggregate of 79%

---

### PROFILE SUMMARY

- Possess a strong understanding of C and Embedded C programming languages.
- Possess knowledge of communication protocols such as I2C, SPI and RS232.
- Having knowledge on 8, 16, 32-bit microcontrollers such as AT8951/52, ARM7, CORTEX-M3.
- Having knowledge on **AUTOSAR, COM Stack**.
- Having Knowledge on **Unit Testing** using **VectorCast**.
- Knowledge on peripheral devices such as ADC, PWM, Timers and RTC.
- Knowledge on Software Development Life Cycle (**SDLC**) (Ex. V-Model and Waterfall Model).
- Having knowledge on SAP Sales and Distribution (**SAP SD**) Module.
- Work well independently and within team-based environment.

---

### EXPERIENCE

**SATRUC APPLIANCES PVT LTD** | *Jr. Electronics Engineer*

HYD | **Jan 2020 – April 2022, July – Dec 2024**

#### Roles and Responsibilities:

- Performed calibration tests for the Device under Test (DUT) on 6-Stage calibration test bench.
- Maintained accurate documentation for each calibration cycle, enhancing traceability.
- Developed and implemented quality control procedures and inspection protocols to ensure product consistency along with safety compliance.
- Trained staff, including workers on quality standards, standard operating procedures (SOPs), and good manufacturing practices (GMP), ensuring consistent product quality and minimizing deviations.
- Supervised a team of production workers, offering guidance and troubleshooting support to resolve technical and operational challenges.
- Ensured that production machinery and equipment were properly maintained and calibrated to meet production specifications.
- Managed inventory control process, ensuring adequate stock levels of materials and suppliers.
- Coordinated with suppliers and vendors to ensure timely delivery of material required for production.
- Supervised warehouse operations, including material handling, order picking, and shipping processes, ensuring efficient flow of goods.

---

### INDUSTRIAL TRAINING

- 6 Months Industrial Training Experience on Soldering and Testing of Power utilities like Smart Check Meter at Analogics Tech India Ltd.

---

### DECLARATION

I hereby declare that the above information provided is true and correct to the best of my knowledge and belief.
