CAREER OBJECTIVE

Passionate and skilled **Java Developer** with expertise in Java, Spring Boot and Hibernate, focused on building efficient and scalable solutions. Continuously striving to improve technical skills and contribute to innovative software development

EXPERIENCE

Associate Engineer

2nd Sep 2024 – Present

eAlliance Automation Private Limited

- **Used RESTFul API** gateway to communicate with MySQL Database
- **Utilized Hibernate** for Object/Relational Mapping purposes for transparent persistence onto the SQL Server database.
- Used Spring Core for dependency injection/Inversion of control (IOC), and integrated frameworks like Hibernate.

Associate Engineer I

4th March 2024 – 31st July 2024

PowerSchool India Pvt. Ltd

- Successfully performed the **RESTful APIs** Integration and developed an API wrapper for reusability.
- **Developed and configured the Java beans using spring, Struts MVC and Hibernate.**
- Widely used Java Technologies like, Java 1.7, J2EE, Core Java concepts like Exception Handling, Spring framework.

TECHNICAL SKILLS

- **Programming Language:** Python, Java, Core Jave, C/C++, Ruby, C#, R
- **Front-End Development:** HTML, CSS, JavaScript, BootStrap, React Js
- **Backend Development:** Java EE, Spring Boot, Servlets, JSP
- **Server Framework:** Django, Spring Boot
- **Database Management:** SQL, MySQL, PostgreSQL
- **Version Control:** Git, GitHub

PROJECTS

Employee Management System

April 2024 – July 2024

- **Developed an Employee Management System** using Java (Swing/JavaFX) to manage employee details, attendance, and payroll.
- **Integrated MySQL database** for storing employee information and used **JDBC** for seamless database interaction.
- **Implemented CRUD operations** for adding, updating, deleting, and viewing employee records..
- **Built a user-friendly interface** using Java Swing/JavaFX for easy access to employee data and reports
A considerable attention has been given to ensure user data privacy and data security.

E-Commerce Platform

Oct 2024 – Nov 2024

- **Developed an E-Commerce platform** using Java (Spring Boot) that allows users to browse products, manage a shopping cart, and process orders
- **Integrated MySQL for database management** and implemented secure user authentication to ensure smooth transactions and data integrity.

EDUCATION

Bachelor of Technology in Computer Science & Engineering
Rayalaseema University College of Engineering

(CGPA : 7.17)
2019- 2023
